For Immediate Release

Cleveland's print and graphics industry steps up to support Americas Print Show, 2024.

Locally-owned but nationally renowned industry leading companies Digital Print Solutions, Graphco, Millcraft, and BindTech are just a few members of the northern Ohio print community committed to bringing printers and industry leaders to the Huntington Convention Center of Cleveland, Ohio on May 8th and 9th, 2024.

Americas Print Show successfully held its inaugural industry trade show in August of 2022 with an exciting three-day industry event in Columbus, Ohio. APS22 focused on showcasing the latest technologies, building connections, and growth in the print and graphics community.

In addition to the above Cleveland companies, key exhibitors at APS22 included Canon, Add-Jet, Xeikon, Pitney Bowes, and Kodak. APS 22 also partnered with numerous industry trade associations including the National Print & Sign Owners Association, APAN, and PGSF.

Education was a key focal point of the inaugural show and presenters included Deborah Corn, Intergalactic Ambassador to The Printerverse; Mark Potter, CEO of Conduit, Inc.; and industry leaders from Millcraft, Travis Mlakar, President and CEO, and Greg Lovensheimer, Executive VP Chief Operating Officer.

Americas Print Show 2024 will once again be a partnership of industry segments. In addition to over a hundred expected exhibitors, the show is positioned to be a collaboration of visioning and thought leadership with nationally renowned speakers, experts and industry leaders sharing their experiences and addressing the industry's most significant issues.
